SMD2-1617

Comfort of a Full Sized Cash Drawer

Star Micronics is excited to announce the addition of the SMD2 series to its mPOS solution lineup.

Star's SMD2 cash drawers give retailers the ultimate flexibility in providing their customers with a truly unique shopping experience. It supports wireless operation and allows the user flexibility in configuring their store layout without restriction due to wiring or other traditional infrastructure limitations. With the ability to communicate via standard printer driven interface with included cable or Star's DK-AirCash wireless option for WiFi, Ethernet,

Bluetooth 2.1 or MFi certified Bluetooth communication; Star's SMD2 cash drawers enable secure cash management in any sales environment. Available in small (SMD2-1214), medium (SMD2-1317) and large (SMD2-1617) sizes with either white or black color finish, Star's SMD2 cash drawers have a look and fit suitable for any application.

Star's SMD2-1617 is full sized and offer robust payment storage. The SMD2-1617 cash drawer combines the storage capacity needed for high cash volume with the connectivity options necessary in any sales environment.
